

INSTRUCTIONS FOR CUSTOMS INSPECTION

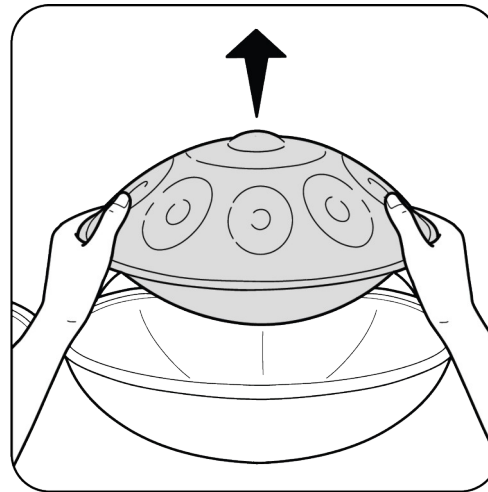

This is a Handpan

A fragile musical instrument that can be easily damaged!

Please handle with care!

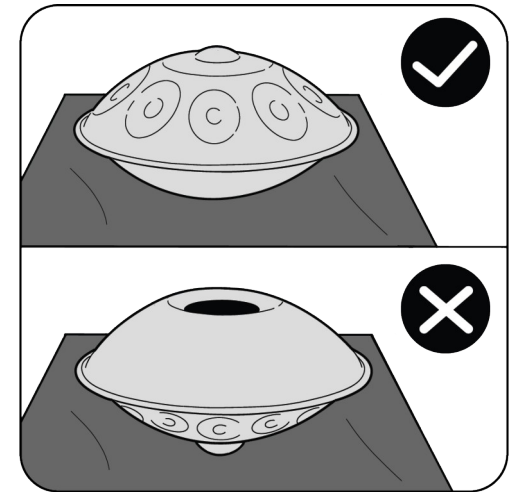

handpan-portal.de

1

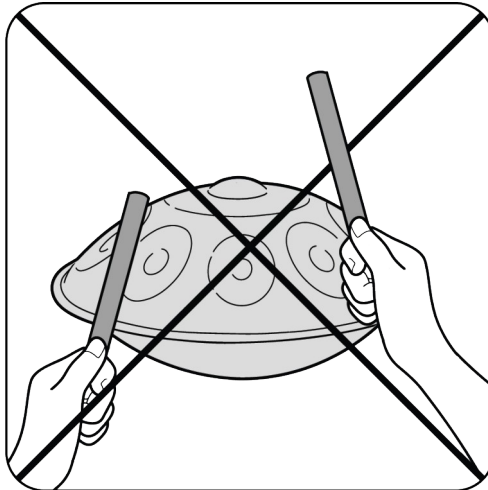

Gently remove the handpan from its case using both hands.

2

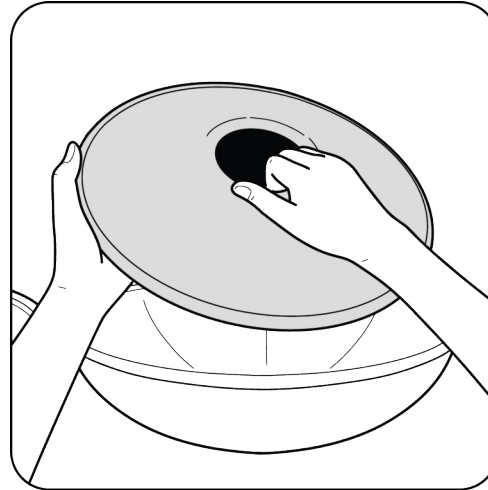

During inspection, always position the handpan with its **upper side facing up** on smooth surfaces, and never place it upside down.

3

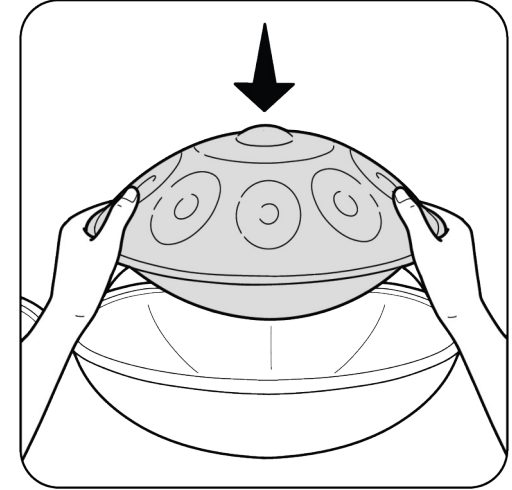

Avoid **hitting** the handpan with hard objects or attempting to play it.

4

While examining the cavity, **handle the handpan carefully** with both hands and refrain from placing anything inside other than your hands.

5

Carefully return the handpan to its case the same way it was originally packed
